Over the last academic year and the current academic year, our committee has been proactive in conducting orientation sessions and workshops for teachers within our Institution. These sessions aimed to enhance the awareness and understanding of POCSO guidelines and the importance of child protection. We are pleased to report that these efforts have been successful in ensuring that our teachers are well-informed about POCSO regulations.

As of now, we are pleased to report that we have not received any complaints related to child sexual offenses within our educational institutions. This is a testament to the effectiveness of our orientation and awareness initiatives, as well as the vigilance of our teachers and staff.

We remain committed to our mission of creating a safe and secure environment for all children in our Institution. Our committee will continue to monitor and address any potential issues related to child protection in accordance with the GO-POCSO guidelines.

We are grateful for your support and look forward to working together to ensure the safety and well-being of the children under our care.

Sincerely,
